Information for Curlers Renting Ice at the Victoria Curling Club

All guests need to bring a clean pair of rubber soled shoes to wear on the ice – do not curl in the shoes that you wear to the Club

Clean the soles of the shoes before going onto the ice with the brush machine located at the entrance door to the ice arena

You are welcome to use the club brooms but please clean them before using and before hanging the brooms back on the racks

Keep the curling broom clean during the game. Brush the curling broom with the brushes that are provided at each end of the curling sheet. Please clean the broom over the garbage pails so that the dirt is not brushed onto the ice or onto the carpet at the ends of the curling rink

When you have delivered a curling stone, do not leave your hand, knee or elbow on the ice surface as your body heat will leave an imprint in the ice

There are grippers and sliders and brooms that you may use free of charge. Please ensure that they are all returned to the club after your game

Do not take any alcoholic beverages on the ice. Please enjoy the bar services before or after your game

I have read and understand the above information and will adhere to the above. I hereby release anyone involved with the Victoria Curling Club including its staff, volunteers and Board of Directors from all claims and causes of action arising from or out of my attendance or participation at the Victoria Curling Club
